

## CERTIFICATE OF APPROPRIATENESS

**Application Date:** July 3, 2018

**Applicant:** Alex Ridgway, Brickmoon Design for Sebastian and Marina Pellizer, owners

**Property:** 1411 Oxford St, Lot 10, Block 161, Houston Heights Subdivision. The property includes a historic 1,484 square foot, one-story wood frame single-family residence and a detached garage situated on a 6,600 square foot (50' x 132') interior lot.

**Significance:** Contributing bungalow craftsman residence, constructed circa 1915, located in the Houston Heights Historic District East.

**Proposal:** Alteration – Addition

- The proposed two-story 2,161 square-foot addition will measure 32' wide by 59' deep with a ridge height of 28' and an eave height of 21', and includes 1,681 square-feet of living space and a 480 square-foot alley loading garage.
- The residence has an existing one-story addition
- The proposed addition starts at the rear wall of the original house and will be built on top of the existing addition before extending back towards the rear of the lot
- The addition will feature 1-over-1 windows and will be clad in cementitious siding with a 5½" reveal
- All existing historic windows will remain

See enclosed detailed project description and application materials for further details.

**Public Comment:** No public comment received.

**Civic Association:** No comment received.

**Recommendation:** Approval

**HAHC Action:** Deferred

**APPROVAL CRITERIA****ALTERATIONS, REHABILITATIONS, RESTORATIONS AND ADDITIONS**

Sec. 33-241: HAHC shall issue a certificate of appropriateness for the alteration, rehabilitation, restoration or addition of an exterior feature of (i) any landmark, (ii) protected landmark, (iii) any building, structure or object that is part of an archaeological site, or (iv) contributing building in a historic district upon finding that the application satisfies the following criteria, as applicable:

- (1) The proposed activity must retain and preserve the historical character of the property;
- (2) The proposed activity must contribute to the continued availability of the property for a contemporary use;
- (3) The proposed activity must recognize the building, structure, object or site as a product of its own time and avoid alterations that seek to create an earlier or later appearance;
- (4) The proposed activity must preserve the distinguishing qualities or character of the building, structure, object or site and its environment;
- (5) The proposed activity must maintain or replicate distinctive stylistic exterior features or examples of skilled craftsmanship that characterize the building, structure, object or site;
- (6) New materials to be used for any exterior feature excluding what is visible from public alleys must be visually compatible with, but not necessarily the same as, the materials being replaced in form, design, texture, dimension and scale;
- (7) The proposed replacement of missing exterior features, if any, should be based on an accurate duplication of features, substantiated by available historical, physical or pictorial evidence, where that evidence is available, rather than on conjectural designs or the availability of different architectural elements from other structures;
- (8) Proposed additions or alterations must be done in a manner that, if removed in the future, would leave unimpaired the essential form and integrity of the building, structure, object or site;
- (9) The proposed design for any exterior alterations or addition must not destroy significant historical, architectural, archaeological or cultural material, including but not limited to siding, windows, doors and porch elements;
- (10) The proposed alteration or addition must be compatible with the massing, size, scale material and character of the property and the context area; and
- (11) The distance from the property line to the front and side walls, porches, and exterior features of any proposed addition or alteration must be compatible with the distance to the property line of similar elements of existing contributing structures in the context area.
